EDUCATION

Indian Institute of Information Technology, Nagpur　　　　　　　　　　　Nagpur, India
B.Tech in Computer Science Engineering　　　　　　　　　*Dec 2020 – Jun 2024 (Expected)*

COURSE WORK

Data Structures　　Object Oriented Programming　　Database Management System　　Computer Networks

PROJECTS

The Wild Oasis | ⚙*GitHub* ⧉*Link*　　　　　　**ReactJS, Styled Component, Supabase, React Query**
- It is a custom-built application to **manage everything** about the hotel: **bookings, cabins, and guests.**
- Users can able to **update** or **delete a cabin**, and to **create new cabins** (including **uploading a photo**).
- This is the **internal application used** inside the hotel **to check in guests** as they arrive.
- **Charts** showing statistics **on stay durations**, as this is an important metric for the hotel, and many more...

PizzaPal | ⚙*GitHub* | ⧉*Link*　　　　　　　　**ReactJS, Tailwind, Redux, React Router**
- PizzaPal is a simple pizza ordering app built where **Users can browse a menu of pizzas loaded from an API, add items to a cart, and place orders** without needing to log in.
- Optionally, **GPS location can be provided** to make delivery easier.
- Placing an **order requires the user's name, phone number, and address.**
- **Each order will receive a unique ID** that is displayed to the user for future reference.

Use-Popcorn | ⚙*GitHub* | ⧉*Link*　　　　　　　　**Html, CSS, Javascript, ReactJS**
- **Utilizing the OMdb API**, users can search for films using keywords.
- Upon selecting a movie from the search results, **users can view detailed information** about the chosen film.
- **Users have the ability to rate movies** based on their personal preferences.
- **Browser's local storage is used for storing rated movies.**

SKILLS

Coding Languages: C, C++, JavaScript

Frameworks and Libraries: ReactJS, NodeJS, ExpressJS, TailwindCSS, Redux, React Router, React Query

Database Systems: MongoDB, SQL

Tools: Git, GitHub

ACHIEVEMENTS

- **Solved Over 500+ Questions** On All Coding Platform
- Developed and implemented effective systems for record-keeping, complaint handling, and student feedback.
- Led a team of students in organizing and managing a college fest, ensuring the smooth execution of events.

POSITION OF RESPONSIBILITY

CRA: Council Of Residential Affairs　　　　　　　　　　　Aug 2022 – May 2023
